We said farewell to 2024 with a **Christmas Service** celebrating the birth of Jesus in which many visitors and unsaved family of church members attended. A special time of outreach and the wonder of acknowledging **"God With Us."**

We pray this New Year with our Lord will be one filled with blessings. David declares... **"Thou Crownest the Year with Thy Goodness and Thy Paths Drop Fatness."** (Ps. 65:11). As we look forward to another **Great Year** with our Saviour, we do so with excitement. Last year was filled with His goodness and by His grace this year will be even greater.

The Churches here in New Zealand are all doing fine. In Dunedin, we anticipate what our King has in store for us. It will be a **Year of Transition**, as we will be seeking a new Pastor to shepherd us in the future. Earnestly pray for us in this area. In our last report I mentioned that due to my on-going health issues, it will necessitate that I step away from the role of Pastor. But until then, I want you to know God by His great grace is supplying me with the strength to continue leading this Church family. Until I am able to step back from full-time pastoring, we still need your continued support.

Thank You is not enough to the **Sweet Churches** who have faithfully cared for us through these many years in making this Ministry possible. We love you greatly and are humbled by you in allowing me this privilege.  
In His Grace, The Max's
