

What's Been Going On?

These past few months have been amazing. We have been in Manhattan NYC, in the Yorkville neighbourhood. We have spent most of our time in this neighbourhood, but have also explored around the city. God has been moving and revealing a lot to us. We are excited about all the ministry opportunities and confirmations we have been receiving. If you would like daily updates, I have been filming daily reports on the NYC Facebook ministry page, you can find them @rutherfordsnyc on Facebook.

January: January was a cold month. We got around 4-6 inches of snow, so skateboarding was a no go. I did get a day or two to meet up in our local parks' basketball court with some of the local guys.

We were blessed to have the Slone family here as we moved in. They helped us move our stuff into the house and get settled in. Gant Lake BC helped us out with a Costco run to get our kitchen stocked with food, which was a huge blessing as we had nothing moving in.

We spent most of this month learning our area and spending a lot of time in the parks meeting people and building relationships with locals. We are spending time, already, looking at possible church location options and have found one so far that could be a real possibility. There are a lot of things that we will have to get used to here but those things are minimal, like understanding 3 hrs a week has to be designated to us sitting in our car to wait for street cleaners to come by so we can move the car out of their way or get a ticket.

The city is a fast-paced life, but the times you grow to love is the weekend slowdown. People become very social, and community focused on the weekends, as they also enjoy being able to just go for a walk in the park, take their kids to the park and enjoy walking their dogs in the dog park. Parks are where the enjoyment of their lives are and trust me, it's definitely special.

February: We still had a lot of snow, but the weather started to warm up as the month came to an end.

We had a visit from Jason Enochs, a TBI student who has a heart for the city as well. We have focused this month on becoming regulars in our community. We have gotten to the point that people are seeing us on the streets and stopping to say hello. We have a few individuals that we have really connected with. Ty and Hayden who moved here in September of last year, Daniel who moved here 10+ years ago from London, Carter and Julie who moved here 5 years ago, who have a dog that loves to play with Jasmine (our husky), Mellissa, Seth and their son, Silas, whom our kids play with (they just got their car stolen a few weeks ago), Liz who has a dog named Frankie who loves to play with Jasmine, Tyler, Sam, JP and Ezra who are local skaters that skate with me when the weather permits. All in all, the survey trip and skate ministry are going very well.

Praise Reports: Praise God for this new ministry direction. The skate ministry plant in Orlando and Alaska as well as the other ministries are growing and moving forward. Pray the Lord keeps moving and we keep walking by faith in His calling. **Thank you all who helped us on the funding of the survey trip. We are here now and can't wait to share what is next.**

Prayer needs: Pray for the support we will need to be here permanently planting the church. Pray for upcoming trips. Pray God sends more help for me and my family. Also just pray for my family, guidance, doors to open, strength to walk through them, ministry partners and safety as we are on the road. All the people the Lord has been bringing our way, more financial partners. Continued guidance on the survey trip

Financial needs: We are currently still seeking more financial partners. We thank each and every one that has supported us in our journey.

If you feel lead to give towards our ministry needs, please send checks to:
